

# Creative Arts Children/Youth

## Beginners and Intermediate Drawing

Give your child a new way to see the world – through drawing! For beginners, basic drawing techniques will be covered, aimed at helping young children uncover their creative sides.

For children in the intermediate group, more challenging techniques, such as shading and contouring, will be covered.

Beginners will have an opportunity to transition into the intermediate level at their own pace. Supplies are included.

## BALLET

**Signing up your little ballerina for our 16-week program is a deal waiting to be taken advantage of! Each class takes part in a mini-recital and a grand finale. Recital dress is included in the fee.**

**Mommy and Me:** This class is offered for students who are not ready to be separated from their parent(s) for half-hour long ballet class. ONE parent/student will participate for entire class period with their child. Each student will work on balance and becoming independent.

**Pre-Ballet A:** The basics of ballet are presented in a fun and educational way. Song and rhyme are incorporated for these younger students. Students work on mostly loco-motor movement to increase coordination, balance, and flexibility.

**Pre-Ballet B:** The basics of ballet are further explored. Students will continue to work on improving their loco-motor movements, coordination, balance and flexibility. Students are introduced to new ballet terms and movements. This class is for students who have completed a minimum of one full semester of pre-ballet "A".

**Ballet 4-6:** Students further their ballet technique as well as begin to learn French ballet terminology. Students will learn new and more complex steps and begin to connect movements with their official French names. Improvisation is introduced as a means of self-expression.

**Ballet 7-10:** Students further their knowledge of ballet by learning more technically advanced steps. Students are expected to know the French translations of steps. Choreography is focused on connecting various steps together, and working in small groups to create short ballet routines. Improvisation is further explored as an additional way to create choreography.
